About US

The Global Events & Exhibitions in Total Brand Activation - An Experimental marketing tool modeled by a decade of unique expertise and unmatched background. Be it a live event or themed environment our goal is to deliver a relevant experience that lingers long with lasting impact.

In year 2012 The Global Events & Exhibitions came up with a focus on transforming brand identity & its vision to the practical platform.

Because first impressions count, we design experiences for optimum impact. Keeping change as the only constant, we help our clients build brand experience in the experiential spaces that find your audience and speak language not necessarily in words. Our solutions are result oriented and delivered much before the nth hour time frame. Along the way, we've gained trust and confidence, of our clients and worked with them as their preferred event partners.

Whether we're conceptualising, designing or executing, what we really love is solving unique needs of our clients .This could be a short delivery time frame, or a tech-savvy solution. We go ahead and deliver.

Our Forte

In House Design Agency:

Our In-house Design agency is equipped with latest visualization software to create outstanding designs and models to execute jobs confirming to global standards.

Our Approach

DEFINE: In this first phase we fully investigate the situation, clarify the situation, clarify what needs to be achieved and set the tone for the creative exploration

DEVELOP: Here we use all our lateral thinking, creative expression and design capabilities to find solutions that excite the market and bring your brand experience to life

DEPLOY: Now we actualise the solution with the energy and experience of our local, national and international logistics resources

In-house Production Unit:

Computerized graphic and signage requirement for digital vinyl prints, acrylic letters, neon lights, LED letters and flex boards.
